BAD BUT COULD HAVE BEEN A LOT WORSE... This was the comment heard at the two-car collision which occurred last Friday afternoon at approximately 1:45 p.m. in front of Toddakins on U. S. Hwy. 84 West in Elba. The picture above was taken as rescue personnel with the Elba Rescue Squad prepared to remove Shannon Corey James, 21, of 124 Searcy Street, Andalusia, AL, from his vehicle. The driver of the other vehicle, a 1987 Nissan pickup, Michel Lodon McCollough, 26, of 683 Herman Driggers Drive, Elba was shaken up in the head-on collision but was not injured. According to reports at the scene, James was trying to avoid hitting a car stopped and waiting to turn into Toddakins when he slid into the oncoming lane of traffic crashing head-on with McCollough's truck. James was taken to Elba General Hospital where he was treated and later released. The accident was investigated by Elba Police Officer Dale Grimes assisted by Officer Donnie Byrd.

County BOE adopts drug screening policy

by Marvin McLwain
Editor

The Coffee County School Board meeting in regular session Monday evening breezed through a short agenda before going into executive session.

According to Superintendent Clayton Bryant, the reason for the executive session was for a student disciplinary hearing. He described the incident involving a New Brockton student was not one of a real serious nature.

However, the matter did require that action be taken by the board. Prior to the closed door session, board members reviewed a drug screening policy for employees involved in the transportation of students.

The Board, after several minutes of discussion and reviewing the policy in detail with Supt. Bryant and Ted Fillingim, director of transportation for the county school system, approved the policy in two parts - Draft A and Draft B.

The purpose of Draft A is to establish policy and procedures which ensure that the Coffee County School System maintains a drug-free workplace.

Supt. Bryant explained to board members that the establishment of this policy will ensure that the county school system is in compliance with the drug free workplace requirements of Public Law 104-696 for recipients of federal contracts and grants.

Draft A of the policy will apply to ALL employees of the county school system. It states: "The unlawful manufacture, distribution, dispensation, or use of a controlled substance is prohibited by the Coffee County School System on any property owned, leased, or controlled by the school system or during any activity conducted, sponsored, or authorized by or on behalf of the school system."

The second part of the policy, Draft B, is directed - in general - to those persons involved in the transportation of students in the county school system.

The general policy is stated as follows: "Practical experience and research has proven that even small quantities of narcotics, abused prescription drugs, or alcohol can impair judgement and reflexes."

"Even when not readily apparent, this impairment can have serious results, particularly for employees operating vehicles or potentially dangerous equipment."

With the adoption of this policy, the Board insists that employees report to work without any alcohol or illegal mind-altering substances, in their system.

Outlined in the policy is the provision for random unannounced screening for alcohol and/or drugs of all employees.

The Omnibus Transportation Employee Testing Act of 1991 already requires substance screening for employees and applicants for employment involving transportation of individuals.

In adopting the drug and alcohol abuse policy, the Coffee County School System will maintain a drug free awareness program to inform employees about the dangers of drug abuse in the workplace; the system's policy of maintaining a drug-free workplace; any available drug counseling, rehabilitation, and employee assistance program; and the penalties that may be imposed upon employees for drug abuse violations.

After adoption of the policy, the Board approved the appointment of Golda Donaldson as the county school system's Drug Program Coordinator.

POLICEMAN AND STREET EMPLOYEE RESIGNS

New Brockton Council settles into routine

by Marvin McLwain
Editor

The town council meetings in New Brockton seem to be becoming more routine than those in the recent past.

Council members moved through a fourteen item agenda in less than forty-five minutes last Monday evening.

Payment of bills totaling \$29,352.22 was approved after a short discussion concerning charges for work done on one of the new police cars recently purchased by the town.

The police chief, Charles Driggers, was instructed to have all work performed on the new cars done at an authorized dealership.

It was noted that the two new police cars are being bought on a lease-purchase plan and it is possible that the repairs are covered under warranty or the lease agreement.

Councilman Charles Cole reported his findings on the Alma Hornsby/Big Little Store incident.

When the incident was first brought before the council, it was thought that the grandson of Ms. Hornsby was singled out in being asked to leave the store.

According to Ms. Hornsby, the youngster - with the approval of the store manager - was sitting at one of the booths doing his homework when he was asked to leave.

It was her opinion that the matter had been handled in a very unprofessional manner by the New Brockton police officer.

Cole's finding, after talking with the store manager, Hornsby's grandson and the police officer involved, for work done on one of the new police cars recently purchased by the town.

He stated that all three individuals verified that no particular person or persons were singled out during the incident.

Officer Gilbert had responded to the scene after it had been reported that there was a fight at the store. He instructed all juveniles at the store at the time, both inside and outside, to leave the premises.

Cole reported that all three did say that the officer gave his instruction in "a loud voice," but that, at no time did he single anyone out.

Ms. Hornsby, who was at Monday's meeting, stated that she was satisfied that the matter had been investigated properly and that she considered the matter closed.

Turning to other matters, the council heard the police chief's report of the department's activities for the month of October. Officers answered 23 complaints, made 2 arrests, issued 5 traffic citations, and investigated 2 automobile accidents.

The chief noted that the rescue squad made 13 runs while the fire department responded to 1 fire alarm.

The council accepted resignations from Police Officer David Krupa and an employee with the street department, Roger Junior Jackson.

Approval was given by the council to hire Darrell Griswold on a temporary basis to fill in for Assistant Chief Gilbert, who is on leave from the department following surgery.

Also, Delane Holloway's employment as a police officer to replace Krupa was approved by the council.

With the council in a hiring mood, Councilman Clinton Marler asked for and got approval to hire Hank Geplert to replace Jackson in the street department.

Some more good news for full-time employees with the town came when council members approved a 2.5% cost-of-living raise effective January 1, 1995, and granted a one-time raise of \$50 for full-time employees and \$25 for part-time employees for Christmas. This will be on the employees' paycheck the first week in December.

Other actions taken by the council were as follows:

***Joined the Enterprise Chamber of Commerce. Dues \$150 annually.

***Approved the up-dating of the town's municipal codes at a cost of approximately \$7,000 over a 2-year period of time.

***Appointed Terri Mae Smith to the New Brockton Housing Authority Board.

***Approved the hiring of Beatrice Cardwell to clean city hall one time a week at a cost of \$15.

***Voted to have a council work session (council meeting) Monday, Nov. 14, at 7:00 p.m. in city hall.

***Approved the closing of offices in city hall on Thursday and Friday, November 24 & 25, in observance of the Thanksgiving holiday.

***Approved \$200 for the purchase of "hand tools" for the street department.

***Approved payment for the repair and updating of the computer used by the senior aide in the city clerk's office.

BRAINSTORMS

With Ferrin Cox

The 1994 elections are over. While the advertising income was great for us ... folks, we have had enough of the political chatter and mudslinging for one year. We hope you didn't win all your votes! It is not that we like to see you not win, but if a voter wins only 30%-70% this means they are in the 30%-40% bracket (we have been there) it might be time to review inner all bad, but it does bear review.

The mess on election day in Coffee County was survived even though there were times during the day when it sounded like the whole system would collapse. The chatter on the police scanner started at eight o'clock when people began having trouble trying to vote on candidates and the 26 amendments. It didn't take long to discover the same problem was being experienced at every single voting place. We have no idea how long it will take the poll officials to manually count all those amendments, but they will not be home in time for supper! We didn't figure the average age of the poll officials this week, but doubt many of them ever worked the polls back during the "good 'ol days" of all-paper ballots.

Farm production nationwide is at record levels this year. We see pictures of huge mounds of corn, soybeans and wheat piled beside overflowing grain elevators in the Midwest. These record harvests are in sharp contrast to last year's flood damaged crops. Grain prices are naturally down due to the oversupply, followed by huge and a bit slower beef prices. The bright spot is strong wheat prices. This is due to poor production worldwide and a good export market. This indicates American business needs to work on the export market for all these other grains as well as the wheat market.

The Hubble space telescope has been repaired and is busy sending back pictures from space. Some recent photos from Galaxy M100 are being heralded by experts for all the new information they reveal. Now if you ain't a history buff, forget it! This galaxy is "about" 56 million light years away! This means the pictures we are getting now left that galaxy a long time ago.

The folks at Martin's have a couple of jackets that have been left in the store by customers. The weather is getting a bit cool and these things could be handy. However those ladies wouldn't let us have either of them because we couldn't correctly describe the jackets. If you think either of the two might belong to you, describe it and I bet they turn it over to you.

Recent news stories of parents killing their young children and trying to cover up the truth has left this country in shock. There is a Florida case where the mother tried to protect her husband but the most moving case is the Union, South Carolina case of the mother who drove her car into the lake and drowned her two small sons who were strapped into their car seats. Broadcast press left most of us in shock. The question we asked and later heard asked in Union was, "Why, when so many people are wanting children and can't have them and would have gladly taken either or both these darling looking children?"

The Zion Chapel Rebel Band

The tradition continued this year as the Zion Chapel "Rebel" Band received superior ratings at all the competitions they attended this marching season. The band traveled to Daleville, AL to compete in The Daleville Invitational Band Classic. The band, drum major, and colorguard received superior ratings while the drumline received an excellent rating. The band then competed in Opp, AL at The Little Big Horn Marching Contest. Superior ratings were again earned by the band, drum major, colorguard, and drumline. The band ended their marching season with a bang by competing at the Enterprise Southland Band Classic. The band racked up with trophies and plaques as they once again received all superior ratings in every category. The "Rebel" Band was the only band of six bands in Class A to receive superior ratings. The band received "Best In Class" which is the top award given in each class. The "Rebel" drumline also received "Best In Class" in their division. The Zion Chapel Band continued their winning tradition and definitely proved that they were #1!

CONGRATULATIONS!!

FROM THE HOUSE

Congressman
Terry Everett

A Tradition of Honoring Our Veterans

This Friday is Veterans Day. As a member of the U.S. House of Representatives myself, I felt it appropriate to share with you some thoughts on the origin of this special day — a day that too many often overlook.

In 1921, an American soldier — his name "known but to God" — was buried on a Virginia hillside overlooking the Potomac River and the City of Washington.

The Arlington National Cemetery burial site of this unknown World War I soldier became the personification of dignity and reverence for America's veterans. Similar ceremonies occurred earlier in England and France where an "unknown soldier" was buried in each nation's highest place of honor.

These memorial gestures all took place on November 11, giving universal recognition to the celebrated ending of World War I hostilities at 11 a.m. November 11, 1918 (the 11th hour of the 11th day of the 11th month). The day became known as "Armistice Day."

Armistice Day officially received its name in America in 1926 through a congressional resolution. It only became a national holiday 12 years later by similar congressional action.

If the idealistic hope had been realized that World War I was "The War to end all wars," November 11 might still be called Armistice Day. But shortly after the holiday was proclaimed, World War II broke out in Europe and shattered the dream.

Sixteen and one-half million Americans took part in the war. Four hundred and six thousand of these Americans died. The families and friends of these dead longed for a way

to honor their memory. An answer to the dilemma of how to pay tribute to all those who had served came when Congress changed Armistice Day to Veterans Day. President Dwight Eisenhower, in 1954, signed the bill proclaiming November 11 as Veterans Day, and he called for Americans everywhere to rededicate themselves to the cause of peace.

On May 30, 1958, two more unidentified American war dead were brought to Arlington National Cemetery from overseas and interred in the plaza beside their comrade of World War I. One was killed in the Second World War, the other in Korea.

A law passed in 1973 provided for the interment of an unknown American who lost his life in Southeast Asia during the Vietnam era. For several years, no qualifying remains were discovered, so a memorial plaque was placed in the Amphitheater Memorial Display Room at the cemetery.

On Memorial Day 1984, however, the Unknown Serviceman from the Vietnam conflict was placed "in Honored Glory" alongside his fellow countrymen.

To honor these fallen members of the military, symbolic of all Americans who gave their lives in all wars, an Army honor guard, The 3d United States Infantry (The Old Guard) keeps day and night vigil over the Tomb of the Unknowns.

And so on this November 11, take the time to reflect upon the sacrifices made by our countrymen and women, both living and deceased. The dividends of their selfless contributions — our freedoms — are ways of life, not just one day of the year.

We Get Letters.....

Dear Editors and Publishers:

I write concerning the recent settlement in the voting rights suit challenging our state's current system of electing appellate court judges. While most of our state's major newspapers have endorsed the objects of the settlement—given the importance of preserving the statewide election of judges versus the alternative choices that were available—some have inquired as the basis for the need for more judges.

This is not a new issue for our state. There have been studies by various experts, independent study groups, and the State Bar. All have concluded that Alabama's appellate court system needed both restructuring and additional judges. If you would like these studies and recommendations I would be happy to provide them to you. Alabama's current system has remained unchanged since 1970. After 25 years, our caseload has increased threefold, but the number of judgeships on our Supreme Court and two appeals courts has not changed.

Alabama's appeals court judges have the highest caseload in the nation and the second highest in the southeast. Their average caseload of 346 cases per judge is over 50% higher than the national average of 214 cases per judge and a southeastern average of 230 cases per judge. Their workload has risen to the degree that it threatens to seriously weaken our system of appellate review. Other states which have experienced similar conditions are falling behind in their clearance rates and have begun developing serious backlogs and delays.

Alabama's citizens get more value from tax dollars spent on their appeals courts than most any state in the nation. While our caseload per 100,000 population falls within our nation's mainstream, our level of

staffing equates to approximately one-half that of the national average. Nationally, intermediate appellate courts are staffed at an average rate of one judge per every 281,486 population. Alabama's system is staffed at a rate of one judge per every 517,000 population.

Alabama also has fewer appeals court judges than most other southeastern states. For example, Florida has 57 judges, Louisiana has 53, Tennessee has 21, Kentucky has 14, North Carolina has 12, and Georgia has 9.

The settlement adding 4 judges to our two appeals courts in 1997 will still leave Alabama far short of either the southeastern or national averages. However—based upon the outstanding work ethic and prior achievements of Alabama's appellate courts—this increase will help to provide the means of maintaining an adequate system of appellate review and eliminate the current threat facing our system.

With best regards, I am,
Sincerely yours,
Robert A. Martin
Director of Public Affairs
Alabama Judicial Department

Dear Editor,

Recently the Elba Elementary School hosted a Fall Festival. I served as chairperson of the bingo game. This means I had the task of soliciting prizes from local businesses. I would like to thank all of the merchants who contributed prizes for the game.

I realize how often the business folks in Elba are approached by various groups with their hand out. Were it not for their continued support much would not be possible. Let us not forget and allow their support to go unnoticed. Whenever possible, shop Elba first!

Thank you,
Debra Samuel

OTIS WILLIAM BYNUM

Memorial services for Otis William Bynum of Auburn, Alabama were held at Holy Trinity Episcopal Church, Auburn, AL, on Friday, November 4, 1994 at 11:00 a.m.

Mr. Bynum died November 2 at his home following a long illness. The retired president and chief executive officer of Carrier Corporation of Syracuse, NY was born in Onotona, Alabama on September 1, 1902. He attended Blountville High School and was graduated from the University of Alabama in 1924 with a Bachelor of Arts. He then was athletic director and football coach at the Teachers College at Troy (now Troy State University) until 1927, when he entered Auburn University from which he received a BS in Electrical Engineering.

Bynum joined Carrier where he entered the company's engineering training program. In March 1956, Bynum assumed the duties of Chief Executive Officer. He was elected Chairman of the Board in July 1965. Bynum retired from active management of Carrier in 1968 and continued on the Board until 1972.

Throughout his career, he was involved in a wide variety of professional and civic organizations. Upon his induction to the Alabama Engineering Hall of Fame, he was cited for his pioneering work in the development and manufacture of commercial and residential air control equipment.

Bynum was a member of the boards of Otis Elevator Company, the Crouse-Hinds Company, and Marine Midland Grace Trust of New York. Honorary fraternities to which he belonged are Tau Beta Pi, Eta Kappa Nu, and Phi Kappa Phi. He held honorary doctoral degrees from University of Alabama, from Syracuse University, and in 1964 received from Auburn University the Almon Sydney Sullivan Award for "having exhibited characteristics of heart, mind, and conduct as evince a spirit of love for and helpfulness of others."

Although he headed one of the nation's largest industrial enterprises, was a national vice president of the National Association of Manufacturers, a member of the National Industrial Conference Board and director of four major national concerns, Bynum

was said to have been especially grateful for the recognition accorded him by his Episcopal Church, St. Paul's Cathedral in Syracuse. The plaque given him reads in part "in recognition of thirty years of service to the Parish as Vestryman, sometime Junior Warden, sometime Senior Warden, Warden Emeritus, longtime member of the Finance Committee, Chairman of the Music Committee. His is a notable record of expertise, experience, wise counsel and firm leadership and of energy and commitment freely given over a period of three decades."

The memorial service was conducted by the Rev. Gid Montjoy and the Rev. William McLemore. The ashes will be placed in the Garrett plot in Evergreen Cemetery in Elba, Alabama at the convenience of the family.

In lieu of flowers, contributions may be made to the Holy Trinity Episcopal Church Building Fund, 100 Church Drive, Auburn, Alabama 36830 or to EMAC Hospice, 429 North Dean Road, Auburn, Alabama 36830.

Survivors include his wife, Margaret Garrett Bynum; two sons, Otis William Bynum Jr. of San Jose, California, and his wife, Sharon Chase Bynum, and Robert Flournoy Bynum of Fremont, California; and four grandchildren.

Magnolia Home and Garden Club hold November meeting

The Magnolia Home and Garden Club met November 3, 1994 in the lovely home of Mrs. Mavis Hataway which offers the charm of an earlier era. A delicious party plate was served. The meeting was called to order by the vice president, Mrs. Addie Newman. The Gardener's Creed was read in unison. The roll was called and minutes of the previous meeting were read and approved. Mrs. Newman asked for reports from standing committees. Mrs. June Thompson, treasurer, reported she had a letter from the "Make a Wish Foundation" asking for help and support. Each club member bought a raffle ticket with the proceeds designated to help fund the Foundation. Mrs. Lurline Martin, chairman of the Christmas decorations for the Nursing Home reported she had contacted personnel at the Nursing Home and worked out a time for the club members to decorate the Christmas tree. Mrs. Newman stated that the club members will help decorate the tables for the Farm/Club Banquet to be held on November 17, 1994. After the meeting the club members met in the home of Mr. and Mrs. Scott. Mrs. Jean Spurlin conducted a tour of their home. The home formerly was owned by Miss Eunora Farris and is 111 years old.

The heartbreak hindrances

"And when we, heard these things, both we and those from that place pleaded with him not to go up to Jerusalem. Then Paul answered, 'What do you mean by weeping and breaking my heart? For I am ready not only to be bound, but also to die at Jerusalem for the name of the Lord Jesus.'" (Acts 21:12-13)

Obstacles to the Will of God for our life can sometimes take on the most innocent and sincere forms. God calls men, women, boys and girls to forsake all and to receive forgiveness, cleansing and eternal life that come only through His Son Jesus Christ. God then calls those who have received His life to walk obediently with Him no matter what the cost. Paul, the Apostle, knew these truths and was determined to live his life in obedience to God.

In Acts 21, Paul and his comrades learned of his impending arrest in Jerusalem. With good intentions Paul's friends tried to discourage him from going to Jerusalem, obviously thinking that Paul's arrest would be a "setback" or obstacle to the ministry. They were the real obstacle. Paul's arrest would not be an obstacle but an opportunity to share the message of Jesus Christ with those who lived in Rome.

How many times do we get "tripped up" in our walk with God by those who are intervening "for our own good"? Many times what others mean "for our own good" causes us to miss God's best for our life.

Jesus knew the heartbreak of hindrances in His life as He journeyed toward the Cross (see Matthew 16:21-23). He knew that the all who would follow Him in the future would also face such hindrances. In challenging us to follow Him, the well-meaning hindrances we face, Jesus said, "If anyone comes to me and does not hate his father and mother, wife and children, brothers and sisters, yes, and his own life also, he cannot be my disciple (Luke 14:26)." Jesus called us to a love for Him that would make our love for everything and everyone else pale in comparison. Do we really love Him that much?

Hindrances can be extremely heart-breaking, especially when they come from those we are closest to. In these last and critical days in

which we live we must determine in our hearts that we are going to follow Jesus no matter what the cost. Nate Saint was one of the five missionaries who were killed by the Aucas Indians in the 1950's. He once wrote that his life did not change until he came to grips with the idea that "obedience is not a momentary opportunity...it is a die-cast decision made beforehand." The best way to overcome the heartbreak of hindrances is to decide and determine beforehand that you will not allow anything to deter you from doing God's Will for your life.

Thinking of you, praying for you, Mr. Earl Amore, Mr. John Coleman, Mr. Jim Gray, Rev. and Mrs. J. L. Caldwell, Mrs. Lessie R. Davis, Mrs. Betty J. Belcher, Miss Mattie Ruth Henderson.

Coffee County Retired Teachers & Support Personnel to meet

The Coffee County Retired Teachers and Support Personnel are cordially invited to a celebration to be held at Gran's Home Cooked Buffet on November 15, 1994. This is to be a very special day of recognition, celebrated as a Dutch luncheon, at 11:00 a.m.

The program will begin at 11:55 p.m., adjournment will be at 12:45 p.m.

We are looking forward to this day with great anticipation. We will be greeted by our mayors, superintendents, interim college presidents, retired college presidents and all of our fellow teachers and support personnel.

We will dispense with the business meeting, but there will be a program presented at 12:20 p.m. by Mrs. Ann Edwards of the Coffee County Health Department. There will be door prizes and surprises for everyone.

We are very proud to boast a membership of 174 members; however, there is a potential of 340 retired members. We will welcome all new members.

Guest minister was Rev. A. R. Williams, pastor of Rocky Head MB Church, Elba, AL and Shiloh Baptist Church, Brundidge, AL. Guest choir was the Rocky Head MB Church Ensemble.

Those attending from Rocky Head and Shiloh were: Rev. A. R. Williams, Bessie, La'Ray, Brettia, Chastity, and Keitha. Jana Kelley, Evelyn Gulley, Patti Porter, Curtis Kelley, Cathryn Carpenter, Stephen

Magnolia Home and Garden Club hold November meeting

The Magnolia Home and Garden Club met November 3, 1994 in the lovely home of Mrs. Mavis Hatway with Mrs. Addie Belle Martin as co-hostess. A delicious party plate was served.

The meeting was called to order by the vice president, Mrs. Addie Belle Martin. The Gardner's Creed was read in unison. The roll was called and minutes of the previous meeting were read and approved.

Mrs. Newman asked for reports from standing committees. Mrs. June Thompson, treasurer, reported she had a letter from the "Make a Wish Foundation" asking for help and support. Each club member bought a raffle ticket with the proceeds designated to help fund the Foundation.

Mrs. Lurline Martin, chairman of the Christmas decorations for the Nursing Home reported she had contacted personnel at the Nursing Home and worked out a time for the club members to decorate the Christmas tree. Mrs. Newman stated that the club members will help decorate the tables for the Christmas dinner to be held on November 17, 1994.

After the meeting the club members met in the home of Mr. and Mrs. Joe Spurlin. Mrs. Jean Spurlin conducted a tour of their home. The home formerly was owned by Miss Eunora Farris and is 111 years old.

Miss Jones & Mr. Maddox to wed December 10th

Mr. and Mrs. Ruben D. Jones of Elba and Mr. and Mrs. Ray Fortenberry of New Brockton will take place on Saturday, December 10, 1994 at 3:00 p.m. in the afternoon at Westside Baptist Church in Elba. All friends and relatives are invited to attend.

The ceremony will be officiated by Dr. Harper Shannon who will bring the centennial message. Some interesting information will be given about the 100 year history of this association. The history will be available to everyone in the form of old minutes from the churches. Everyone is welcome, especially former members of the original 41 churches and their families.

Mrs. Jim Williams Hosts Three-In-One Study Club

The Three-In-One Study Club met in the Elba City Library on November 4, 1994 with Mrs. Jim Williams acting as hostess.

Mrs. Williams served a delicious dessert with coffee and nuts.

The program for the afternoon was "The Joys of Thanksgiving." The devotion was given by Mrs. Ed Hudson. She gave a beautiful poem entitled "Christ For All Seasons."

Mrs. Pauline Allen, club president, welcomed Dr. Frank Wells, pastor of Elba First Baptist Church.

Mrs. Harley Hasty, program chairman also made remarks about the joys of Thanksgiving. He reminded us of how courageous the pilgrims were and that we must give them credit for our religious freedom.

During the business session, the Fall Festival was discussed. Those present in addition to those already mentioned were: Mrs. E. Carley, Mrs. Donald Lee, Mrs. S. F. Lee, Mrs. Conway Lowrey, Mrs. Wilson Newman, Mrs. Buck Smart and Mrs. E.M. War.

The heartbreak hindrances

"And when we heard these things, both we and those that place pleaded with him not to go to Jerusalem. Then Paul answered, 'What do you mean by weeping and breaking my heart? For I am ready not only to be bound, but also to die at Jerusalem for the name of the Lord Jesus.'" (Acts 21:12-13)

Obstacles to the Will of God for our life can sometimes take on the most innocent and sincere forms. God calls men, women, boys and girls to forsake all and to receive forgiveness, cleansing and eternal life that come only through His Son Jesus Christ. God then calls those who have received His life to walk obediently with Him no matter what the cost. Paul, the Apostle, knew these truths and was determined to live his life in obedience to God.

In Acts 21, Paul and his comrades learned of his impending arrest in Jerusalem. With good intentions Paul's friends tried to discourage him from going to Jerusalem, obviously thinking that Paul's arrest would be a setback or obstacle to the ministry. They were the real obstacle. Paul's arrest would not be an obstacle but an opportunity to share the message of Jesus Christ with those who lived in Rome.

How many times do we get "tripped up" in our walk with God by those who are intervening "for our own good"? Many times what others mean "for our own good" causes us to miss God's best for our life.

Jesus knew the heartbreak of hindrances in His life as he journeyed toward the Cross (see Matthew 16:21-23). He knew that all who would follow Him in the future would also face such hindrances. In challenging us to rise above the well-meaning hindrances we face, Jesus said, "If anyone comes to me and does not hate his father and mother, wife and children, brothers and sisters, yes, and his own life, also, he cannot be my disciple (Luke 14:26)." Jesus called us to a love for Him that would make us love for everything and everyone else pale in comparison. Do we really love Him that much?

Hindrances can be extremely heart-breaking, especially when they come from those we are closest to. In these last and critical days in

the life of Jesus, we must determine in our hearts that we are going to follow Jesus no matter what the cost.

Nate Saint was one of the five missionaries who were killed by the Aucas Indians in the 1950's. He once wrote that his life did not change until he came to grips with the idea that "obedience is not a momentary option... it is a die-cast decision made beforehand." The best way to overcome the heartbreak of hindrances is to decide and determine beforehand that you will not allow anything to deter you from doing God's Will for your life.

All groups, soloists, and choirs are invited to attend this program.

???Question??? Corner

by Dawn Grimes & Gary Clark
We all have pet peeves. There are always some small, insignificant things that drive us crazy. This week we asked high schoolers what some of their pet peeves are. Here are just a few of them.
Jenny Rose: "People who form a line in the hall, walk slow, and don't let you go by."
Griffin Shirley: "The senior lunch table acting like the seventh grade lunch table."
Andrea Canley: "Having to look at spots on the board that teachers missed with the eraser."
Constance Caldwell: "Smacking."
Melissa Benbow: "When you have two shirts to tuck into your jeans and when cabinet doors aren't completely closed."
Marion Smith: "When people's clothes don't match."
Brian Rowe: "Secret-telling in front of others."
Jack Cowen: "Having to tuck in my shirt."

BAND NEWS

by Carrie Bradley

The Elba High School Marching Tiger Band participated in the Southland Band contest in Enterprise, Alabama, on October 29. The band performed at 1:00 and got to see several outstanding high school bands perform. Enterprise High School and Troy State University were the exhibition bands. The awards ceremony started at approximately 7:30 p.m. Elba did an excellent job and placed third in their class. The EHS Danceline received the "Best in Class" award. This contest was the last marching contest for the EHS Band.

The Tiger Tales staff would like to congratulate the band for a job well done and an outstanding year!

GREAT JOB!

Girls' Volleyball Season Comes To An End

by Cary Clark

The girls' 1994 volleyball season came to a close Saturday, October 29. The Lady Tigers were area champs and therefore participated in the play-offs. The season was ended by a sub-state playoff loss to Houston County. Houston County and UMS-Wright of Mobile both traveled to Elba. The first match, a best three-of-five match, was between Elba and Houston County, with the winner playing UMS-Wright. They fought hard, but lost to Houston County in three games. Houston County then went on to be defeated by UMS-Wright in three quick games. UMS-Wright then advanced to the finals in Birmingham.

Although they did not advance far in the post-season, the Lady Tigers are to be commended for their efforts. They have ended the second season ever of girls' volleyball with a winning record and a positive attitude. Through each of their matches, and many hours of practice, they gave 100% to make the young team the best it could be. In the years to come, girls' volleyball at Elba will flourish as experience and knowledge are gained. I enjoyed immensely the two years I was able to participate. I wish the best of luck and success to the teams to come.

Senior Class News

by Patrick Scarborough

During the week of October 24, seniors were busy deciding on a class flower, class colors, a class motto, and a song for the seniors to sing at the October 28 pep rally. The class voted using ballots. The class flower will be forget-me-not. The class colors, motto, and flower are the Marjorie and Ivory were chosen as the class colors. Bits Of News

Chi Alpha Mu News

On Wednesday, October 26, Chi Alpha Mu was called to order by Matthew Harris, Secretary Kristian Dubiar read the minutes and the treasurer's report. Program chairman Anna Head was in charge of the tangram contest. There was a reminder that Chi Alpha Mu t-shirts are still on order. Also, Chi Alpha Mu members are selling calendars at the price of \$2.00. They will be on sale until November 4. The meeting was then adjourned.

Student Council News

by Heather DuBose

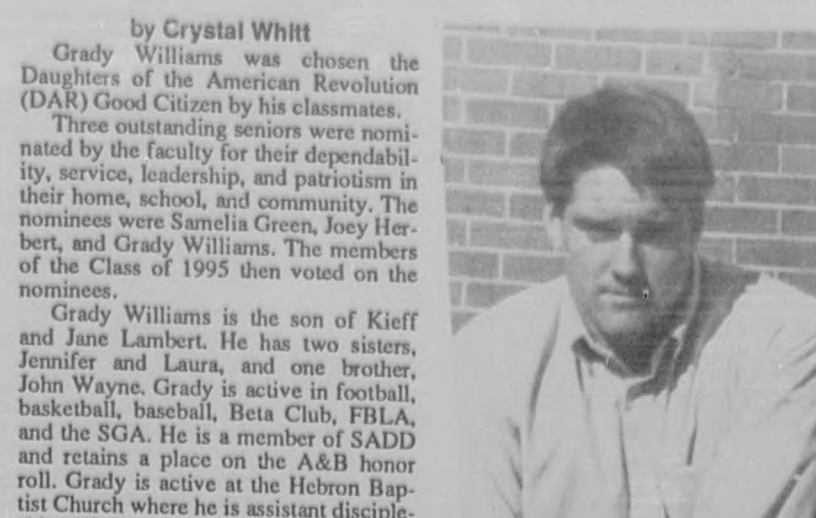

On October 19, 1994, Elba High School's Student Council held their monthly meeting. Elena Strong, President, called the meeting to order and read the minutes. She then presented the minutes and the treasurer's report. The minutes were approved. The Student Council will sponsor a seacabell check during the month of November. The EHS Student Council will hold their part in encouraging everyone to buckle up. All of the members, who helped work in the concession stand at the Junior High football games, were then thanked. The meeting was adjourned until November.

Reviewing For ACT

by Missy McDaniel

On Wednesday, October 19, Mu Alpha Theta met and reviewed for the ACT test. The meeting was conducted by Shaleita Williams, Aretha Wright, Charles Bozeman, Dawn Grimes, and Patrick Scarborough. Each of these people worked a problem for the club using many different formulas. After they worked the problems on the board, each one explained his problem, step-by-step, to the club. Some of the formulas used included the distance, slope, midpoint, quadratic, and the point-slope formula for an equation line. During the meeting, the members were given a chance to ask questions about the ACT test or the formulae that were reviewed during the meeting. When the club was dismissed, the members felt better prepared for the ACT test on October 22.

DAR Good Citizen Chosen

Grady Williams was chosen the Daughters of the American Revolution (DAR) Good Citizen by his classmates. Three outstanding seniors were nominated by the faculty for their dependability, service, leadership, and participation in their home, school, and community. The nominees were Samella Green, Joey Herbert, and Grady Williams. The members of the Class of 1995 then voted on the nominees.

Grady Williams is the son of Kiff and Jane Lambert. He has two sisters, Jennifer and Laura, and one brother, John Wayne. Grady is active in football, basketball, baseball, Beta Club, FHLA, and the SGA. He is a member of SADD and retains a place on the A&B honor roll. Grady is active at the Helton Baptist Church where he is assistant discipline training teacher, secretary of discipline training, and serves as an usher. Grady was chosen for this honor by his classmates for his outstanding character, leadership, and his positive attitude toward life. In the future, Grady plans to attend college to pursue degrees in physical therapy and history.

After receiving the award, Grady wrote an essay, completed a resume, and sent a letter of recommendation to the DAR association in order to be considered for a scholarship. Mrs. Terry Miller wrote the letter of recommendation and Grady was responsible for the essay and resume.

Rebel JV's Win Final Game

by Grady Williams

The Zion Chapel Rebels traveled to Dothan to play the Web Spiders for their last junior varsity football game. Web received the opening kickoff. The Spiders could not produce any offense and were forced to punt. The Rebel offense then mounted an impressive drive led behind the running of Tommy Gullough and the lodge put the ball in the endzone and the two point conversion failed. Web then had an equally impressive drive as they drove the ball into the endzone. Their two point conversion was good. After a ZC punt late in the second quarter, Web's #47 ran the ball back for a touchdown. Once again, the two-point conversion was made good. At the half, it was Web 16, Zion Chapel 6.

President Lisa Hodges, Vice President Angie Davis, Secretary Samella Green, and Treasurer Britley Black are the officers selected to lead the Class of 1995.
To qualify to run for an office, each candidate had to have a qualifying petition signed by ten senior class members and at least a C average. Each qualifying petition was approved by the senior class sponsors. Campaigning was held for three days. During this time, the candidates hung bright, colorful posters all over campus. Other materials, such as badges and play money were also used. The voting was done by secret ballot.

Part-Time Jobs At Zion Chapel

by Kimberly Moran

For some students at Zion Chapel, the phrase, "working hard," does not necessarily mean during school. Making a little extra money is also on the minds of these junior and senior students.
Many decided to work weekdays at restaurants. Shoney's in Troy is Crystal Whit's employer. She is a part-time waitress. Kimberly Moran and Lisa Hodges work part-time at Kelly's BBQ in Elba, while Samella Green, Tazzie Mosser, and Amy Jackson work at Green's Country Kitchen in Victoria. Another place for an after-school job is Kleimer's. This is where Jason Allen, Greg McWaters, and Phillip Davis all work. They work in the shipping department.
Aron Carswell, Waylen Littlefield, Shane Parish, Erick Sem, and Larry Sikos do maintenance work at Ward's Grocery in Spring Hill. While those four students are pumping gas in Pike County, there are three others bagging groceries at the Big Bear in Elba. These students are Roger Marler, David Finger, and Kevin Sikes.

The outdoors is a good place to stay in shape and also earn a little money. Kevin Hobbs, Thomas Cauley, and Chris Jacobs work on a farm. Kevin and Thomas farm crops and raise livestock on a farm with their grandfather and with Thomas's dad. Chris Jacobs farms with his father. These students are doing a little bit of everything.

The Good Cents Way

Ask the Allens about heating and cooling comfort the Good Cents way!

Marion and Elmer Allen's home was built in 1930. Wired for electricity in 1938, it was the first home served by their electric cooperative. Unsure which direction to take to upgrade their heating and cooling system, the Allens contacted their cooperative for professional advice and assistance.

"We have always heated our home with wood or propane," explains Mrs. Allen. "However, upon the advice of our co-op, we installed a heat pump. We were unsure if a heat pump was the answer for an older home, but now we know we made the right decision. Our home is more comfortable than it's ever been."

Kinston dominates Lyman Ward 28-8

From Staff Reports

The Kinston Bulldogs made the most of their cross-state journey Friday night as they jumped ahead early and then pulled away late to rip the Lyman Ward Fighting Rangers 28-8.

in Camp Hill.

The win improved the Bulldogs' record to 3-7, while Lyman Ward fell to 2-6 with the loss.

Kinston wasted little time taking command in the game as the Bulldogs scored on their initial possession of the game to grab a quick 6-0 lead.

The touchdown came on a 38-yard pass from Jason Wambles to Anthony Jones with 7:50 left in the first quarter, and although the extra-point try failed, the Bulldogs were

on top 6-0.

Kinston's Fred Edwards recovered a Lyman Ward fumble on the Rangers first snap from scrimmage following the touchdown, and on the very next play Michael Simmons broke loose and raced 30 yards for another Bulldog touchdown.

Jason Wambles ran in for the two-point conversion and Kinston was in command with a 14-0 lead with 6:54 left in the opening stanza.

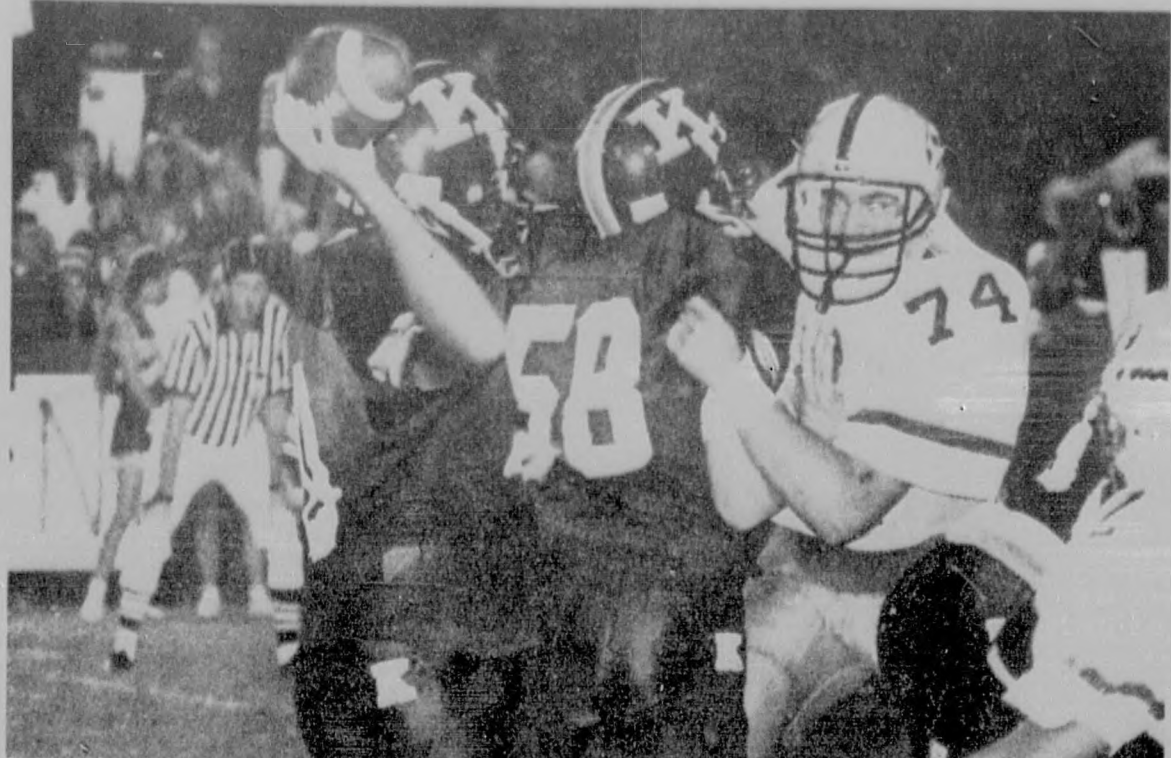

Lyman Ward cut the Bulldog lead to 14-8 at the half on a late touchdown, aided by Kinston penalties; however, the Bulldogs dominated action in the second half and pulled away for the impressive win.

Kinston's third touchdown of the game came with 2:28 left in the third quarter on a 2-yard run by Jeremy Osborn, while the final score came with 5:15 left in the game on a 2-yard dash by Cornelius Tillis.

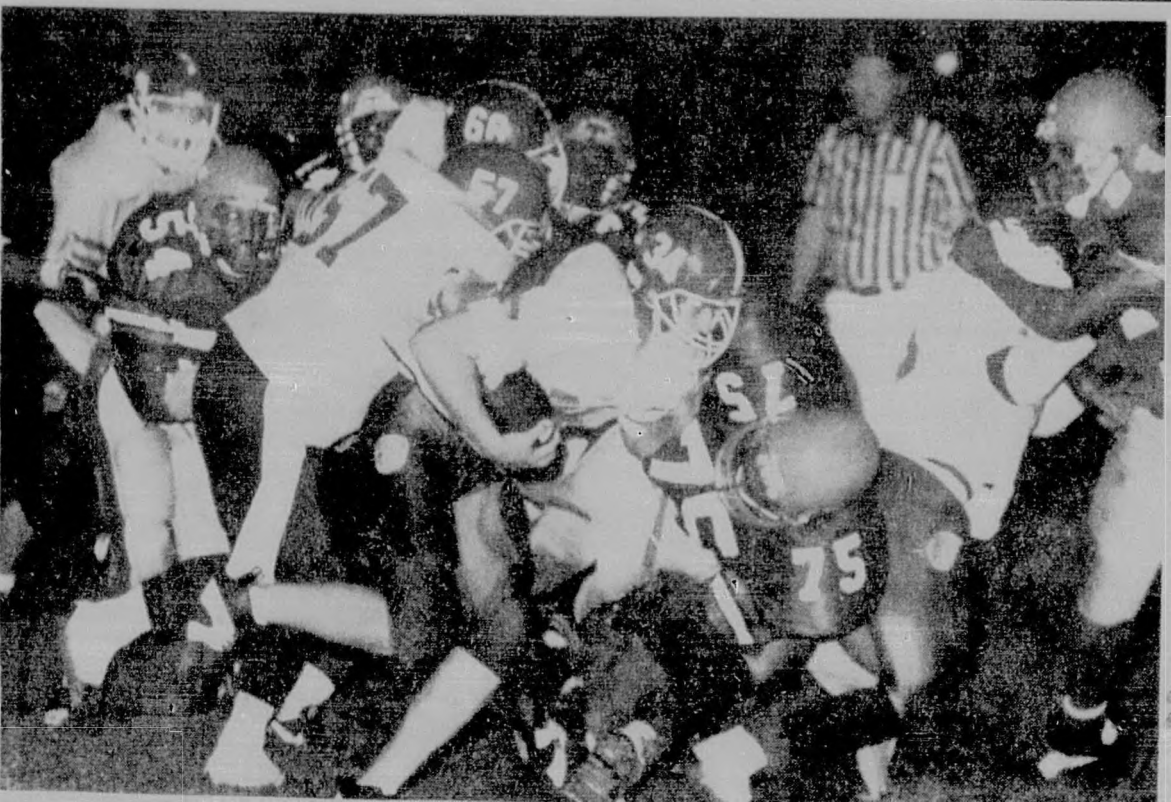

Anthony Jones booted both second half extra-points, giving the Bulldogs the 28-8 win.

Jeremy Osborn gained 124 yards rushing to lead the Bulldogs, while Michael Simmons added 83 yards.

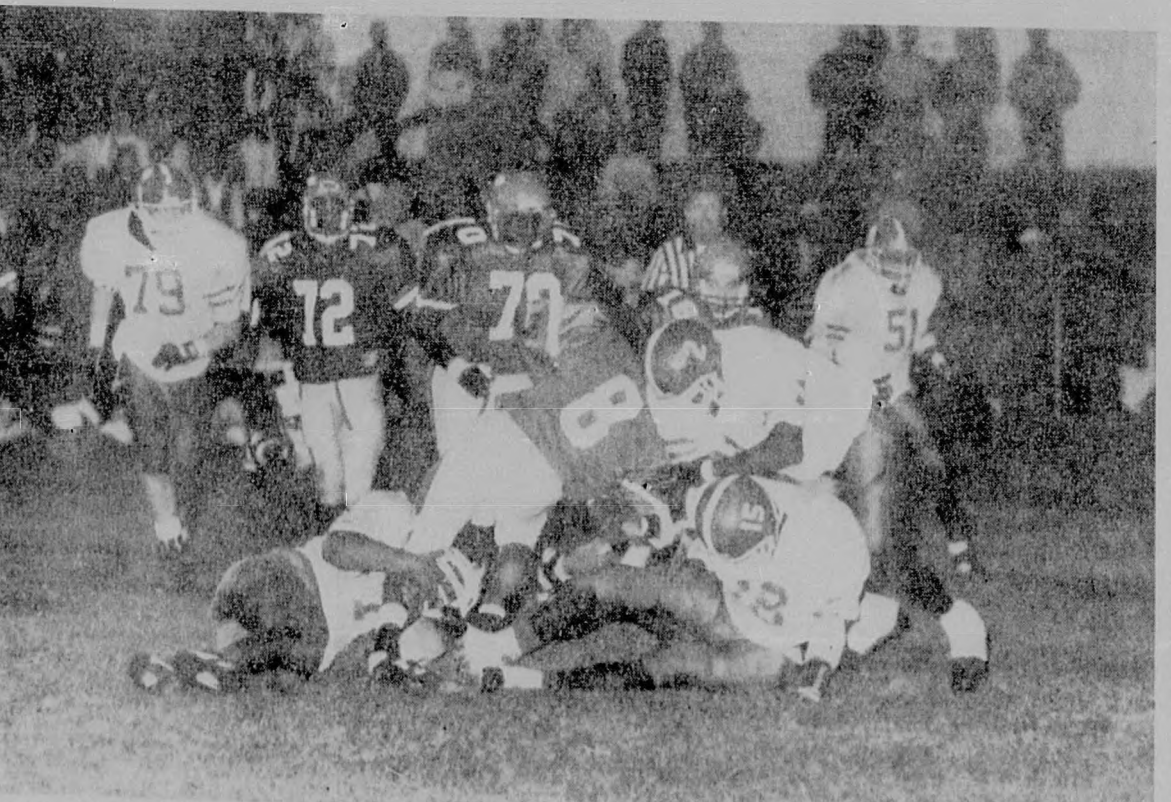

Jason Wambles gained 16 yards rushing, added 85 yards passing as he hit on 4 of 7 passes, including one touchdown, and was explosive on returns. Wambles averaged 29 yards per return on two kickoff returns and averaged 19 yards per return on four punt returns.

Kinston lineman Matt Sumblin (58) keeps a defender out of the backfield to allow the Bulldog quarterback time to throw during recent Kinston action. The Bulldogs will hit the road this week in the playoffs to battle the Frisco City Whippets.

Georgiana outscores Brantley 33-26 in battle of Class 2A powerhouses

By Greg Branson, SportsWriter

Two of the top Class 2A teams in the state battled their hearts out for the full forty-eight minutes Friday night in Georgiana, and it was the Georgiana Panthers that held on late to post an exciting 33-26, come-from-behind victory over the Brantley Bulldogs.

The Bulldog defense came up with the game's first big play as Ben Fox recovered a Panther fumble at the Brantley 49-yardline. Brantley quickly marched downfield, aided by a twisting catch by Morco Jones at the 1-yardline for a 17-yard completion. Charlie Layton capped the nine play drive with a one-yard plunge to give the Bulldogs the lead, but the extra-point was blocked, and with 4:40 left in the first quarter Brantley led 6-0.

The Panthers didn't stay down long; however, as Henry Lee Gilmore took the ensuing kickoff and galloped 92 yards up the right sideline to tie the score at 6-6. The extra-point failed, and with 4:27 still left in the stanza the two teams were knotted at 6-6.

Brantley wasted no time in striking right back as the Bulldogs drove 80 yards in only five plays to retake the lead.

A key play in the drive was a 57-yard completion from Ivan Christen to Jimmy Burnett, while the score came on a 16-yard pass play from Christen to Burnett with 1:20 remaining in the first quarter. A run for the two-point conversion failed, leaving Brantley with a 12-6 lead.

Georgiana again came right back and this time drove 65 yards in 15 plays to get into the endzone. The score came on a 12-yard pass from Rondale Williams to Romelle Seals with 4:46 left in the half, and the Panthers were awarded the TD although Williams was two yards past the line of scrimmage when he threw the ball, as the violation went undetected. Seals added the extra-point and for the first time Georgiana was on top, 13-12.

Ezell Powell recovered a Bulldog fumble on the next snap to give Georgiana possession at the Brantley 16-yardline, but the Brantley defense stiffened and forced Romelle Seals to kick a 30-yard field-goal to increase the Panthers' lead to 16-12 with 2:45 left in the half.

Georgiana marched downfield again late in the half and reached the

Brantley 1-yardline, only to again see the Bulldog defense stiffen and again turn the Panthers back. Seals booted a 24-yard field-goal with only :08 left, and at intermission the Panthers went in with a 19-12 advantage.

After an exchange of punts to open the second half, Brantley put the ball in play at the Panthers 35-yardline. A 15-yard run by Morco Jones on first down moved the ball to the twenty, while the score came on the fourth play of the drive when Charlie Layton bulled over from three yards out. Pete Hill added the extra-point and with 5:17 left in the third quarter Brantley had pulled even with the top-ranked Panthers at 19-19.

Georgiana received the ensuing kickoff and raced 65 yards in five plays to regain the lead.

A key play in the drive was a 55-yard pass from Rondale Williams to Henry Lee Gilmore that put the Panthers on the Brantley 6-yardline, while the score came on a 2-yard run by Willie Peterson. Seals added the extra-point and with 2:53 left in the third quarter Georgiana was back on top 26-19.

The Bulldogs were again up to the challenge, as they took the ensuing kickoff and marched 80 yards in six plays to get back in the endzone.

The score came on a 20-yard sprint up the right sideline by Charlie Layton, and Pete Hill added the extra-point, as Brantley was back even at 26-26 with only :21 left in the third quarter.

Dump playoff-bound Coffee Springs Gamecocks rally late for 12-7 win

By Chris Flowers, SportsWriter

The New Brockton Gamecocks used a gutsy performance by the defense to stay within striking distance and then broke loose in the closing minutes of the game to defeat the Coffee Springs Golden Bears 12-7.

The win gave the Gamecocks a final record of 4-6, while Coffee Springs fell to 3-7 with the loss.

New Brockton's offense went three plays and out on its first two series, but the Golden Bears had a little more luck as they marched 58 yards in nine plays on their second possession to grab an early lead.

The drive was highlighted by the

running of George Reese, while the score came on a 15-yard pass from Tony Simmons to Josh Henderson. The extra-point was successful, and with 2:01 left in the first quarter the Golden Bears were on top 7-0.

Coffee Springs threatened again late in the second quarter and twice moved deep into Gamecock territory, only to be stopped on a fourth down and three play on one series and later miss a field-goal on the final play of the half.

Coffee Springs returned a pass interception to the New Brockton 23-yardline early in the third quarter and appeared to be ready to add to its lead after reaching the Gamecock 8-yardline. The New Brockton de-

fense tightened; however, and came up with a big fumble recovery to turn back the challenge.

The Bears returned another interception to the New Brockton 5-yardline late in the game and seemed ready to put the win away, only to fumble again, this time at the New Brockton one-yardline.

The Coffee Springs defense was thinking safety, but New Brockton's Mitchell Truitt had other thoughts on his mind, and electrified the New Brockton fans as he took the hand-off, broke through a hole and raced 99 yards for a touchdown!

The extra-point failed; however, and New Brockton was still behind 7-6 with only 3:47 left on the clock.

New Brockton got the football back at its own 33-yardline on a Bear punt with less than two minutes left in the game and once again brought the fans to their feet.

A 12-yard gain by Truitt gave the Gamecocks a first down at the New Brockton 45-yardline with 1:33 left while on fourth down and six Truitt again got the call and delivered with a 15-yard scamper.

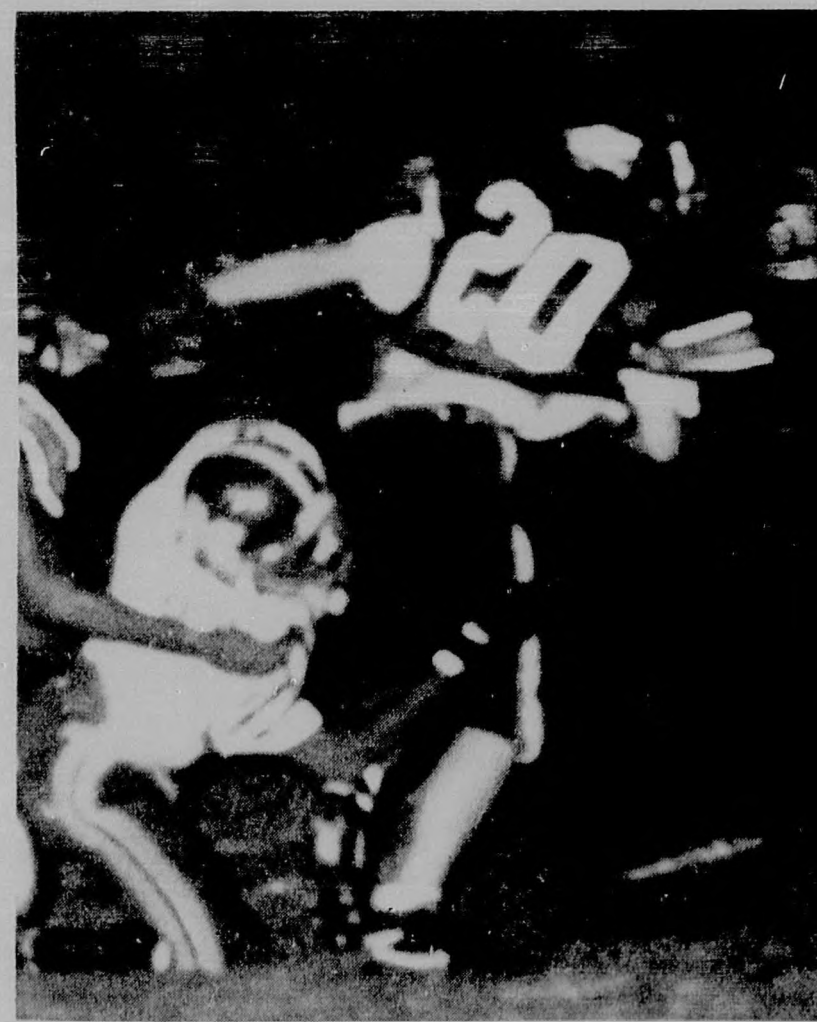

Scott Hughes had failed to complete a pass in five tries and had suffered 3 interceptions, but the gutsy quarterback came through when it counted the most and hit Truitt with a pass, and the speedy Gamecock standout raced 40 yards into the endzone to put Brockton ahead. The two-point try failed, but it made little difference, as New Brockton led 12-7 with :54 left and held on for the miracle win.

Mitchell Truitt gained 174 yards on 16 carries and caught a pass for 40 yards to account for 214 yards of total offense.

Rebels see playoff hopes vanish

By Cade Shiver, SportsWriter

It was "do or die" last Friday night for the Zion Chapel Rebels as they hosted the McKenzie Tigers, and while the Rebels saw their playoff hopes die, they bailed hard throughout the game before falling to the Tigers 22-8.

The loss left Zion Chapel with a final slate of 5-5, while McKenzie improved to 5-4 with the win.

The Zion Chapel defense held its own against the explosive McKenzie offense early in the game; however, the Tigers recovered a Rebel fumble at the 37-yardline late in the opening stanza and with 11:03 left in the half booted a 37-yard field-goal to grab a 3-0 lead.

An interception by Zion Chapel's Elliot Liptrot stopped a McKenzie drive midway through the second quarter, and the Rebel defense never ceased up, as at intermission the Tigers went in clinging to the narrow 3-0 advantage.

Rebel defensive-back Steve Hodge intercepted a McKenzie pass early in the second half to turn back another Tiger scoring threat; however, a 40-yard return of a punt by McKenzie's Matthew Jones set the Tigers up in Rebel territory, and five snaps later Willie Pettway bulled over from seven yards out to put the Tigers on top 10-0 with 3:23 left in the third quarter.

Zion Chapel's offense came to life on its next possession and drove 57 yards in six snaps, with key plays being an 11-yard run and an awesome 46-yard pass reception by Napoleon Smith. The Rebels came up short on fourth down; however, and then disaster struck as the Tigers' Pettway kept on a bootleg and raced 48 yards for another McKenzie touchdown to give the Tigers a big 16-0 bulge.

Zion Chapel began a drive early in the final stanza at their own 49-yardline and brought the Rebel fans to their feet by driving in for a touchdown!

was a big play in the drive, while Roy Stewart capped the march with a one-yard TD plunge. Napoleon Smith pulled in a two-point pass, and with 6:01 left in the game the Rebels had cut the deficit in half, and were trailing 16-8.

The Rebels ignored the scoreboard and refused to quit, as they got the ball back late in the game and moved to the McKenzie 1-foot mark on a 33-yard reception by Kevin Hobbs with :19 left in the game.

The Rebels attempted to get into the endzone, but failed on the game's final play, and saw their season end with the 22-8 setback.

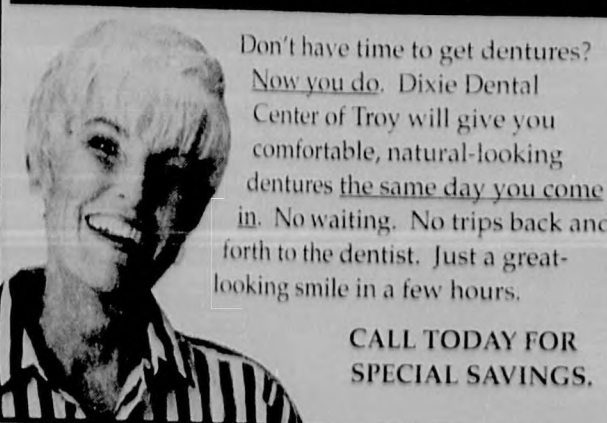

Elliot Liptrot led the Rebels with 11 carries for 80 yards and 2 pass receptions for 54 yards, while Napoleon Smith caught 3 passes for 63 yards and Kevin Hobbs pulled in 3 passes for 43 yards. Darrell McClain led McKenzie with 18 carries for 126 yards.

Senior Citizens of Cordelia Street hold weekly meeting

by Wanda Sasser
Members of the Senior Citizens of Cordelia Street met for their weekly meeting on November 3 at the HRDC center on Factory Street. The weather cooperated for us and it was a nice fall day. Members visited and caught up on the news. Several of our folks were absent and were missed. Some played dominoes and others went to various places. We are in the process of planning our Thanksgiving dinner. No sure dates so far. A delicious lunch was served to the following: Ronnie Wesley, Zeddie Bouyer, Mary Sutley, Iris McDowell, Fletcher Maddox, Aileen English, Mattie Lou Goodson, Tony Alcuria, Serethia Flowers and Blake, Cora McBride, Marion Brunson, O.C. A retreat for 3-6 graders will be held at Camp Victory, November 18-20, 1994. The cost for the weekend will be \$20.00. The retreat begins with supper on Friday night at 7:00 p.m. and ends Sunday after lunch at 1:00 p.m. To register, please call Camp Victory at (205) 898-7948.

RYDER TRUCK RENTAL, INC. SELECTS DRIVER OF THE MONTH... Aaron Tidwell, driver for Kelley's Foods of Alabama, Inc. for 22 years, was chosen from a potential pool of 500 drivers as Ryder's Driver of the Month for October 1994. He was nominated and highly recommended by Eddie Kelley. This award is based on a review of miles driven, traffic accidents, driving violations, knowledge of equipment, and rapport with customers and fellow employees. Monday, October 31, 1994 Mr. Tidwell was given the Awards Certificate in recognition for his contribution to the Ryder Safety Program along with a Gold Belt Buckle and lunch. He is now eligible for the District Driver of the Year Award. Congratulations, Aaron! Those pictured above, (l to r) are: J. D. Amerson, Ryder Service Manager; Dave Ealy, Ryder Safety Manager; Aaron Tidwell, Driver of the Month; Eddie Kelley, Kelley's Foods Supervisor.

Elba Elementary students write Drug Essays

MRS. WADDAIL'S 2ND GRADE CLASS

Drug Free
Drugs can hurt your legs. You should not do them. They could hurt you very bad. Just do not do them. They take oxygen from you. Drugs can give you bad lung diseases. If you drink beer you need to stop. Do I want you to do drugs? No, I do not. If you drink whiskey, you need to stop.

Brandon Farris

Drug Free
If you are drug free you are great! But if you are not drug free you are very bad. If you smoke, remember it can kill you. I do not smoke. Because it is important to me. Some people think smoking is cool. I do not think smoking is cool at all. If you drink beer, you are bad too. You can get drunk and you can get very sick and die.

Ashley Gibson

MRS. WILSON'S 5TH GRADE CLASS

DRUG FREE: It's The Only Way For Me

Crack, pot and dope. Nope. It doesn't make sense. Why do they try? Why do they try when they know they could die? Drugs make you crazy. They do not do anything for more. One try and you're hooked. They try to be cool and get caught. They want to do the crime, but don't want to pay the time. Some do it even when they know it's wrong. Drug free is the only way for me.

Casey Skinner

DRUG FREE: It's The Only Way For Me

I know you've probably seen somebody that is an alcoholic. An alcoholic is somebody that is always drinking and gets drunk a lot. Almost half of the people in America are alcoholics. More than half of Americans smoke cigarettes or cigars. Most of the people who smoke drugs or cocaine are alcoholics. It is the big daddy of alcohol. If you drink too much you will die. A lot of people commit suicide because of drugs. If anyone asks you if you want any drugs JUST SAY NO!

Richard E. Boutwell

DRUG FREE: It's The Only Way For Me

That is Elba Elementary's new drug free slogan. I like this one better than any other. I'm going to stay drug free, because it's the only way for me. I don't want to worry about if I am going to die, because I took drugs or shared a needle with somebody and I might get AIDS. That's why drug free is the only way for me.

Stephanie Sasser

Drugs are bad for you. Some of the things that will harm your body is crack, cocaine, dope, pot, marijuana, tobacco, cigars, cigarettes, whiskey, wine, beer. Some people may think drugs make them look cool, but it makes them look like a fool. Drugs can make you do crazy stuff like taking things. You will spend all of your money on it and might need to buy something more important. Some people may think that it makes you feel good, but it makes you feel terrible. Please take my advice: DRUG FREE: IT'S THE WAY FOR YOU AND ME.

Sheena Gregory

DRUG FREE: It's The Only Way For Me

Drugs are dumb, stupid, and crazy. Doing drugs can mess up your mind. That's why people do not need to do drugs. If you are driving on the road and you have been drinking, let somebody drive you home because you don't know what is going to happen. You might run into a car or a pole or you might fly up through the air like you are a bird, or crash into a tree. Because you're trying to mess up that wonderful life of yours, cause I like how my life is right now even though I don't make the A and B honor roll all the time. I would like to make A's and B's. So stay off drugs and say NO!

Michael Reed

DRUG FREE: That Is The Way For Me

Drugs are bad for you. Things like cocaine, crack, beer, wine, cigarettes, and pot are some of the things we should not do. People who do all of those things are what I call messing up your wonderful life. If I were a drug addict, I would get HELP. If I could stop all the drugs, I would. I think we should encourage people to say no to drugs, don't you. Just remember to SAY NO TO DRUGS. It will save your life.

LaShonn Robinson

MRS. RICHARDSON'S 5TH GRADE CLASS

DRUG FREE: It's The Only Way For Me

Being drug free feels good. You can live longer, too. Drugs mess up your mind. Some people get cancer, but some also die. So that's why it's better to stay drug free. Bye now. Stay drug free!

Kesley

DRUG FREE: It's The Only Way For Me

Drug free, that's the way to be. If someone asks you to take drugs what should you say? I would say no and run! That's what you should do. So remember, don't take drugs.

Ashley Lamb

DRUG FREE: It's The Only Way For Me

I think you should stay drug free because if one day you're high or drunk or you're driving you can hurt yourself real bad. And God made the most beautiful people in the world and if you want to do drugs, you are just hurting yourself. So stay DRUG FREE: It's The Only Way For Me. I hope it's your choice too.

Shawntay S.

DRUG FREE: It's The Only Way For Me

For Me. Because drugs really mess you up, you can die if you use it in more than one way. Drugs can kill you. So can the people who give you the drugs can kill you, so my advice is STAY OFF DRUGS.

Gavin Mauldin

DRUG FREE: It's The Only Way For Me

I hope it is the only way for you to remember you cannot buy a new body, so take care of the one you have. It will be the only one you will have. Trust me. Be cool, don't do drugs.

Lowayne Parks

DRUG FREE: It's The Only Way For Me

Drug Free is the only way for me. Drugs can hurt your body in many ways. It kills brain cells. This causes attitude changes and many other things. So make DRUG FREE the only way for you.

Katie Grimes

DRUG FREE: It's The Only Way For Me

I think drugs are bad. Always say NO to drugs. Some drugs are good, like medicine your parents give you. Some are bad, like cocaine, crack, heroin, angel, crystal clear. If you take too much good medicine it can kill you. Never take drugs from strangers or friends.

Deanna Olson

Hi, my name is Camella. I am 10 years old. I am going to give you a clue what I am going to write about. It's dumb, stupid, and crazy if you picked dope, you're right. Drugs can make you dizzy, you won't even think straight. Drugs can get you in a lot of trouble. Well, that's all I'm going to write, but there is one more thing I want you to remember: There's No Hope With Dope!

Enterprise To Offer Legal Assistant & Medical Records Technology Degrees

Alabama's Commission on Higher Education gave approval on October 21, 1994, for Enterprise State to begin offering both a Legal Assistant and Medical Records Technology AAS Degree. ESJC has the only degrees in these two programs in this part of the State.

Anyone looking for an exciting career in two of the fastest growing occupational fields may wish to consider the options offered at the College. Both programs offer both a degree and a shorter-term certificate. Students can get a good education while remaining close to home.

Students completing these two programs should be able to find jobs because these two occupations are among the fastest growing jobs. The demand for legal assistants is expected to increase by 75% by the year 2000, and the demand for medical records technicians by 60%.

Potential earnings are above average in both employment fields. Earnings will, of course, depend on an individual's personal qualifications, experience, and performance on the workplace itself, and also on geographical location of the worker and office or facility.

ESJC's legal assistant program prepares generalists to perform many of the same tasks as lawyers; however, legal assistants work directly under an attorney's supervision to perform legal functions other than accepting clients, setting legal fees, giving legal advice, or presenting cases in court. Legal assistants become employed in private law firms, federal and state governmental agencies or departments, banks and real estate companies, insurance companies and other companies, corporations, or agencies.

ESJC's medical records technology program prepares specialists to handle the organization and assembly of patients' medical records. These specialists work with others in establishing files, tabulating and analyzing data, coding procedures and diagnoses and other related records functions. Medical records technicians may find full or part-time employment in a variety of settings such as hospitals, nursing homes, Health Maintenance Organizations (HMO's), private or public health clinics, physician's offices, home health agencies or other facilities.

To find out more about enrolling in either new degree program at Enterprise State, call 393-ESJC, ext. 260.

American Education Week is November 13-19

The week of November 13-19 is American Education Week. Elba City Schools will be sponsoring several events this year to celebrate this

occasion. November 15th has been declared Retired Teachers Day and activities have been planned to honor our retirees.

JASON, THE RED POWER RANGER, visited The Young World of Learning Kindergarten & Day Care on October 27, 1994. The children had their pictures made with Jason, and really enjoyed meeting and visiting with him. All proceeds went to Zion Chapel Elementary School.

SCOUTS VISIT THE ELBA CLIPPER... Webbo Pack 47, Den 3, visited The Elba Clipper on Thursday, November 3, 1994. Pictured above (l to r) are Jason Curran, Coby Skinner, Chris Brunson, Justin Allen, and Blake Lambert. Also pictured is den mother Debbie Curran.

"Aladdin-The Ballet" to be presented at TSU

The State of Alabama Ballet, under the artistic direction of Diane Sonora Arova, will present, "Aladdin-The Ballet" at Troy State University's Smith Hall Auditorium November 10, at 7:30 p.m. Award-winning New York choreographer Daryl Gray has created "Aladdin" exclusively for The Alabama Ballet with music by Rimsky-Korsakov. Gray has worked with the Royal Ballet of Belgium, New York Dance Theatre, Joffrey Ballet, Atlanta Ballet and Batseva Company of Israel.

The Alabama Ballet, which features 20 professional dancers, has been recognized by the New York Times and Dance Magazine as one of the South's outstanding ballet companies. Tickets for "Aladdin-The Ballet" are available at the Adams Center Box Office by calling (205) 670-3293. The price for general admission is \$5.00.

Cotton harvesting in full swing in Coffee County

Cotton Harvest Is On The Roll In Coffee County

Peanut harvest is almost complete, and cotton harvest is full steam ahead. J.C. Mack and his sons, Keith, Jerry, John and Paul have 470 acres of their own and are custom ready picked a little over 100 acres of their own but have a long way to go.

There are somewhere between 12 and 15 cotton pickers in Coffee County and a little over 12,000 acres to be picked. A few fields have already averaged about two bales per acre.

There is some good cotton this year and some not so good, depending on when it was planted and primarily the weather conditions that the fields were in. We have a lot of cotton to pick and are a long way from being done yet and certainly need good weather to complete the harvest.

Mr. Cliff Allen

Over the next few months, I plan to recognize the older farmers in Coffee County. These men have lived, farmed and besides raising crops have raised their families in this county. Mr. Cliff Allen, now 74 years of age, continues to farm in Coffee County. He, and his wife, Beulah Mae, have lived and raised six children in the Woodland Grove Community near New Brockton.

Mr. Allen said he made a full-

time farm hand at the age of 10, plowing with a mule, and has been farming ever since. He now farms with his son, Huey Wayne Allen. Together, they have 285 acres of cotton and 20 acres of peanuts. Their peanuts average 3100 pounds per acre and they're expecting a pretty good cotton harvest.

Mr. Allen worked at Dorsey Trailers for 12 years and then at Rucker for 30 years. During this time, he always made a crop. Some people call it farming by the moon when you work a job during the day and then farm at night. He has always farmed peanuts and usually corn, cotton and some produce. He was 7 years in the poultry business and several years in the hog business. Mr. Allen has always been in the cattle business. His newest endeavor is the Registered Charolais business. He has a young herd that he purchased from Arkansas. Milk- ing ability is one of the major attributes of this particular Charolais blood line.

Farming is a way of life—a good life—for Mr. Allen. There has not always been a whole lot of money, but he feels he has been a whole lot healthier being outside with the fresh air, plenty of exercise and doing what he enjoys most—farming.

Mr. Allen has seen a lot of changes, especially since the days of farming with a mule, picking cotton by hand, and stacking peanuts. Back

then, 40 acres was a lot of land to farm. Now it takes no time at all to cover that much land.

Mr. Allen and his wife are members of the Woodland Grove Baptist Church where he is chairman of the deacons.

Besides farming and spending time with his children and grandchildren, his favorite spot is fishing. He loves to deep sea fish, but spends the most of his time fishing for speckled trout in Milton, Florida.

Mr. J.C. and son Jerry Mack are full steam into cotton harvest.

Mr. Cliff Allen is at home in his cotton field. Cotton picking used to be one of the hardest jobs known to man, but now it goes rather quickly with the four-row cotton pickers we use today.

COUNCIL BALKS ONCE AGAIN ON PAYMENT OF ATTORNEY'S FEES - WON'T PAY FOR DUPLICATE SERVICES

District Attorney will have to ante up according to High Court Rules

by Ferrin Cox
Publisher

Elba city employees will get an extra holiday, with pay, this year thanks to the generosity of Elba city officials.

The city council voted unanimously Monday night to give all employees the day after Thanksgiving as an extra paid holiday, for 1994 only. Employees will now have a four day weekend, due to Thanksgiving being a regular holiday and all but police officers off on Saturday and Sundays.

The reasoning expressed by council members was that they had not been able to grant a pay raise to employees and this would be a small token of gratitude for their loyal service.

"I think we should pay our just bills but we are out of line paying duplications," said Council member John W. Sharpless

A discussion was held with City Attorney Mark Vaughan about the results of his efforts to get District Attorney Joel Folmar to either furnish or pay for prosecution of city cases in District Court.

Vaughan said he made little progress on the matter, even though Folmar did agree to the city receiving court costs of \$10 or \$25, according to the case. However it was noted the actual cost is higher than this and Supreme Court rules call for more reimbursement.

Mayor Ricky Haywood referred to Rule 17 of the Rules of Alabama Supreme Court which reads:

"When a municipality elects to abolish its court and transfer its cases to the district court system, the district attorney may, in his discretion, request the assistance of a municipality for prosecution of violations of the ordinances of the municipality. The municipality shall, when requested, furnish prosecutorial services in the district, circuit and appellate courts;

provided, however, that prior to the furnishing of prosecutorial services by a municipality, the district attorney and the municipality should agree to an equitable reimbursement for said services." (emphasis added)

The above rule was the current ruling at 10:48 a.m. on August 26, 1994, according to the Administrative Office of Courts in Montgomery.

Elba abolished city court by Ordinance 81-1 on July 5, 1981, following guidelines established at that time by the Alabama Supreme Court, through the Administrative Office of Courts. Until recent months the District Attorney's office has been handling prosecution of all city cases in the applicable court.

City council members were told several months ago by Haywood that the District Attorney's office would no longer be handling city cases in District Court. This has caused an increased expense to the city and there has been no reimbursement as spelled out by the Supreme Court.

Vaughan was instructed to further explore this matter with the District Attorney. Vaughan said he would feel better about discussing the matter with Folmar face-to-face, rather than over the telephone.

Council member Brad Wilson reported to the council on his negotiations with Vaughan about placing the city attorney on a monthly retainer, rather than the present method.

He explained that Vaughan had agreed to serve for \$1500 per month plus \$75.00 per hour for actual court time and out of pocket expenses. This would begin on January 1st and be good for one year.

Vaughan said \$2,000 was a better figure, but he understood the financial condition of the city and was willing to do this for one year, as long as the council members understood it might go to \$2,000 after the first year.

The council members did not take any action on this matter. Police Chief Jack Parker reported responding to 24 complaints and issuing 29 traffic citations. These citations include 13 for speeding, one DUI and four for parking in a handicapped zone.

During this time period there were eight automobile accidents with five injuries.

The animal control officer picked up 15 dogs. None were sold and none returned to the owner.

Mayor Haywood reported numerous complaints about loud speakers in automobiles disturbing people. He asked the police chief what could be done about this matter.

Parker reported that many towns have ordinances to control "boom boxes." He said the one used in Montgomery was effective and easy to enforce. He volunteered to get copies for city officials before the next meeting.

Monthly bills totaling \$10,662.12 were approved for payment.

Council members were then presented attorney bills from Vaughan

totaling \$4433.70. This was for work done during September and October. It included several days of prosecuting in District Court. These bills were also approved for payment.

Bills for Attorney Jackson W. Stokes were again presented by Haywood for payment. As before, the council took no action to pay the bills.

A lengthy discussion by council members questioned several items on the bill. A "previous balance" of \$2600 was quickly cast aside.

A motion was almost made to pay the balance of \$2,000 after City Attorney Vaughan said the charges were fair for the work done.

However, he would not recommend the bill.

Elections close and results unclear to voters of Alabama

by Ferrin Cox
Publisher

The November 8th General Election results are still not clear in many Alabama races.

The discontent nationwide with established government was felt locally and compounded by problems with the voting machines. Errors in computer tallies of votes in both Dale and Covington counties teamed to increase the concerns of individual candidates and their supporters.

The most noticeable of these is the two way race for Chief Justice of the Alabama Supreme Court.

News reports Tuesday indicate Republican Perry Hooper Jr. unofficially closing to within nine votes of incumbent Sonny Hensby with over a million votes cast. Hooper supporters were still contending that an accurate count would give their candidate the victory. This race may end up appealing to the Alabama legislature for final settlement.

Several other races have prompted candidates to retain lawyers to either officially or unofficially contest the results.

The confusion and discontent at every voting box in Coffee County prompted the Vote Certification Committee to bring in an outside CPA firm to recount the Coffee County votes on Friday of last week. The accountants found several

Dwight Adams

minor errors but nothing which would change the outcome of any race.

In the District 31 Alabama Senate race, Democrat Terry Ellis was challenged the right of the county committee to change vote totals before certifying them to Montgomery.

Spicer has made no challenge of the House race in Coffee County, nor has he made any public statement on the outcome. At present he seems content to stay out of the spotlight and celebrate, with his wife Ceina, the birth of a nine

pound plus healthy boy, their first child.

The ruling Monday afternoon by a Dale County circuit judge was that the committee had a right and a responsibility to insure the numbers were correct before passing them on to state officials.

Those Dale County votes and the additional votes in Covington County give Adams the election by something over 100 votes, if ultimate court or legislative challenges don't disallow them.

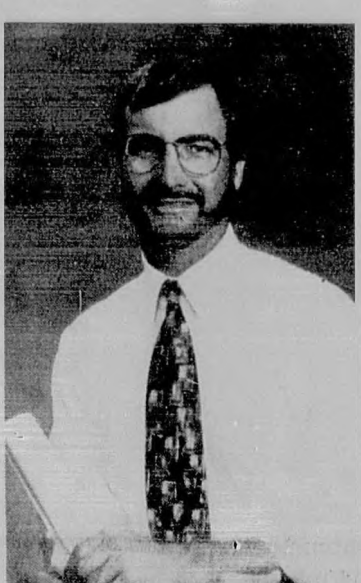

In the District 91 state house race, (Coffee County) an error discovered in reporting an Enterprise voting box at the YMCA gave Republican Garreth Moore an additional 100 votes. Moore was already leading Democrat Terry Spicer in unofficial counts by nine votes.

On Monday, all Coffee County election vote totals were forwarded to the Alabama Secretary of State's office in Montgomery.

A recap of eight of the races with local interest are recapped in a beat-by-beat breakdown on page 16 of today's edition of *The Elba Clipper*.

No statewide results have been released on the outcome of the 26 constitutional amendments voters faced last week.

Coffee County voters were forced to vote paper ballots if they chose to also vote on the individual races. The Coffee County voting machines were set up in such a way

Garreth Moore

that the machines would lock out voting for both the candidates and the amendments on the same machine.

This caused considerable problems early in the day Tuesday, before poll officials were told how to handle the situation. Reports of voting boxes being closed down for several hours, voters being told they couldn't vote on both the amendments and the candidates; voters being told to come back later, etc. jammed the phone lines of county officials and still prompts heated discussions in every corner of Coffee County.

Commission purchases health department transportation

by Marvin McIlwain
Editor

The majority of Monday's meeting of the Coffee County Commission dealt with honoring requests and the signing of resolutions.

One item which consumed much of the commissioners' meeting time took place behind closed doors. Reportedly, the discussion was with attorneys from Montgomery concerning litigation against the county.

No comment or statement was made by commissioners before or after the close session.

Kenneth Ball, Administrator of the Coffee & Geneva County Health Departments, appeared before the commission with several requests.

He informed members of the commission that a grant to purchase two (2) additional vans for the county adult daycare centers had been approved by the Alabama Department of Transportation (ADOT).

Ball requested that the commissioners sign a resolution as a part of the grant stipulation by the ADOT.

There will be no cost to the county for the purchase and operation (insurance, maintenance, etc.) of these vehicles. The health department will foot the bill including 20% match (approximately \$7,000) required by the grant.

Ball also proposed that the county accept ownership of eight (8) vehicles previously operated by S.E.A.T.S. (Southeast Alabama Transportation System).

The appraised value of the eight vehicles (two 15-passenger buses, one 6-passenger bus, and five 22- or 24-passenger mini buses) is \$28,000.

The cost to the county will be zero. Ball again told commissioners that the health department would pay the \$5,600 to the ADOT for the

transfer of ownership from S.E.A.T.S. to the county.

The cost of renovation (paint, etc.), maintenance, insurance, and operation will be funded by the health department.

The buses will also be used by the adult daycare centers and by the regional home healthcare training center.

The commission approved Ball's requests and signed resolutions to that effect.

County Engineer Mark Pool informed commissioners that he was

continuing to have problems keeping truck drivers.

"We're not getting the type people we need driving our trucks," Pool said.

He requested that a committee be appointed to study the pay scale now being used by the county to compensate truck drivers and make a recommendation on what can be done, if anything, to improve the pay.

After some discussion, the commission voted to follow Pool's recommendation. Commission Chairman Lawrence Creel appointed

Commissioners Robert Stephens, Bill Faulk and Wendell Black to work with Pool on the problem.

Assistant County Engineer Derrin Capps reported that the flood damage repairs to on-system county roads were approximately 60% complete.

The work is being done by S & C Construction Company and is reportedly on schedule. The work will be funded 100% by the Federal Highway Administration.

County BOE hears concerned parents

by Marvin McIlwain
Editor

The meeting agenda for Monday's Coffee County Board of Education appeared to indicate a short routine meeting but that was not the case.

School board members breezed through the first six items on the agenda but things slowed down when they heard from a couple of concerned parents.

The two parents, Mrs. Phyllis Jackson and Mrs. Sandy Griffin, have children enrolled in New Brockton High School.

Prior to the parents speaking, board members considered going into an executive session; however, both parties involved agreed to not call any names during the discussion.

The two mothers addressed the board concerning alleged discrimination toward their children, and others, in the New Brockton High School.

Mrs. Jackson told board members that her children, and others, had been disciplined or counseled numerous times on the word of one student and her mother.

Mrs. Griffin stated that the one unnamed student had broken numerous rules set forth in the school's student handbook without being punished or disciplinary action being taken.

She also eluded to the fact that the student in question had also failed to adhere to hand protocol without suffering any consequences, while other students are being required to do so, or being disciplined.

Both parents also informed board members that this particular student's mother and other relatives were approaching their children and others on campus without first receiving proper authorization to do so from the school office.

It is the policy of all county schools that ANYONE coming on the campus while school is in session must first check in at the office.

During the course of the discussion, other parents, approximately 16, who were present at Monday's meeting, joined in the discussion citing other incidences involving their children and the one student.

The board, of the two-hour discussion revolving around the one student in question, was that the parents were "fed up" with their children being discriminated against.

They told board members that no one student should be allowed to violate school policy and rules while all others are required to toe the line.

"It's just not right," said Mrs. Jackson.

Board members questioned all the parents present, as well as the principal and hand director who were also at the meeting, about the alleged wrong doings and discrimination.

They assured the parents that they would see that all students were treated fairly and that ALL students, regardless of who they were, would
